There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address, F. J. CHENEY & CO., Toledo, O. Sold by Druggists, 75c. Take Hall's Family Pills for constipation.

The School Fund received last month from fines and taxes \$31.20.

Building permits were allowed the following:

May V. Wilson, a frame addition to residence in West Front street, Third Ward.  
Vice Dean, a coalhouse and stable combined, size 12x22 feet, on lot in Front street, Fifth Ward.

W. Clinger, one-story toolhouse on lot in Dunbar alley and Cottage street, Sixth Ward.

Sallie S. Wood, a one-story addition to frame cottage in Strawberry alley, Fifth Ward.

W. A. Schatzmann, a coalhouse on premises, No. 605 East Second street, Fifth Ward.

The officers' salaries, together with claims allowed, were ordered paid.

Bills amounting to \$68.15 were presented and allowed and ordered paid.

The total amount paid out on account of the East End sewer to date was \$9,345.30.

Louis Joerger was refunded \$13.75 taxes paid on property belonging to Ball, Mitchel & Co., on Second street extension erroneously assessed to him.

The City Physician reported the Almshouse in good condition and the inmates properly cared for.

John J. O'Donnell was allowed \$80.60 for collecting back taxes.

Mrs. Alice Payne returned thanks to Council for a new cooking range recently purchased for the Almshouse and intimated that at no late day she would have members of Council as her guests at a feast in order that they might judge of its cooking qualities. An invitation of this kind is never turned down by the wise Solons.

Dr. Yazell, City Physician, read a paper in regard to the filthy condition of the alley in the rear of Senator Cox's residence, which stated that the property owners of same had been notified of the condition and that they refused to pay any attention to same. The matter was put in the hands of the Proposition and Grievance Committee with power to act.

The City Attorney was ordered to proceed in the matter of the Ort pavement and compel the owners to have same raised and fixed.

A. Schaeffer, as representative of the Water Company, entered a strenuous kick in regard to the Street Commissioner using fire plugs in securing water for making mortar and the construction of the streets. It seems that the fire plugs are in a bad condition and need looking after.

An ordinance was read authorizing the Mayor to issue \$12,000 in sewer bonds. The rules were suspended and the ordinance placed upon its passage. The same was unanimously adopted as read.

It was ordered that a division fence between the property of Mrs. Lida C. Rogers and the lot in the rear of the Opera-house be erected and the cost of same be equally divided between the city and Mrs. Rogers.

The matter of placing an incandescent light under the walk at the C. and O. crossing over Bridge street was placed in the hands of the Light Committee with power to act. The same order was made in regard to a light being placed at the Third street entrance of the alley near the residence of Hon. J. N. Kehoe.

The City Attorney was instructed to prepare an ordinance, to be read at the next meeting of Council, increasing Street Commissioner Ben Smith's salary from \$40 to \$50 per month.

The matter of a light being placed at the head of Patton alley in Third street was referred to the Light Committee.

A doctor bill of \$13 for services rendered David W. Wallingford, who was seriously injured some four weeks ago by driving a pick through his foot while employed in digging the sewer trench, was placed in the hands of the Mayor with power to act.

The election of police officers was next in order and Messrs. P. Ryan, Harry Ort, Thomas Senteney and Randolph Frost were placed in nomination and elected by a unanimous vote.

Dr. Yazell as City Physician, Mrs. Alice Payne as Almshouse Keeper were unanimously re-elected. John McCabe was elected Town-clock Keeper and Nick Gollenstein was elected Guard of City Prisoners. The election was perfect, the whole matter having been settled at Friday night's caucus, as stated in the Saturday's LEDGER.

Nothing further appearing the meeting closed in peace and harmony.

## From the Old Man Down

We sell hundreds of suits that the purchasers would never notice a slight deficiency in the fit. "We do," and do not let them go out of the house unless the fault is corrected. The aggregate cost of these alterations, many of them so slight that only the most experienced clothier can detect them, amounts to several hundreds of dollars a year, but the satisfaction of giving our patrons perfect fitting clothes more than compensates us for this "cranky" outlay. Besides "it pays." Our customers feel themselves safe in our hands, knowing their interest is looked to as well as ours.

THE third session of the Fifty-eighth Congress began yesterday. The calendars of both Senate and House show that many important measures are pending that may be called up and passed. The business is left over from the session which closed on April 28th, when 2,290 bills, resolutions, etc., passed the House, leaving 468 to be disposed of. The total number of laws enacted by the present Congress up to date is 2,160, or about 700 more than the previous record.

THE decision of the Court of Appeals of the Hoe-Bennett case, according to The Louisville Times, "was a great surprise to the parties interested." We think not, says The Louisville Post. The facts were plain. The law before this been clearly interpreted. The surprised were men who boast that they "vote for Democrats" regardless of the result. It is not so with the Court of Appeals. It says the man who has the highest number of votes is entitled to the certificate, and the position no longer creates surprise even to Democrats.

The caption, "The Decision in the Hoe-Bennett case," says the Louisville Evening Post remarks—"The Court of Appeals declined the mandatory injunction requiring the election in two counties to count and the result as cast."

was read by Judge NUNN. It

will have a most beneficent effect throughout the state. It is another evidence that partisan passion does not control the judiciary. The Court is, to use the language of the day, "Democratic;" that is, a majority of the Judges were nominated by the Democratic party, but they serve the people of all parties, and in their decision command respect for the will of the people expressed at the polls.

"The facts of the case were plain enough. The votes in certain counties the officers failed to certify. The Courts were asked merely to instruct these ministerial officers to perform their duties. The order was issued. The Court of Appeals was asked to set it aside.

"It is evident," says the Court, "that these votes were cast for the plaintiff, BENNETT, and that he is entitled to them."

"The result of the contest and the decision is that the plaintiff receives a certificate which accords with the facts.

"It might be well for the manipulators of election returns, for the negligent officers, for the men who conspire to commit fraud, to ponder this decision and recent decisions of the Courts.

"If the people will do their duty; if they will go to the polls and vote, the Courts of Kentucky will see to it that the votes are counted as cast.

"This is great gain. The assumption that party necessity would control our Courts must be abandoned. The law controls our Courts, and if party leaders want to fill the offices they must get the votes.

"A fair election can be held under any law if the law be enforced. When violated appeals should be made to the Courts. Let the people take courage. The violators of the law grow bold only when the people are indifferent. Fair elections are worth striving for, and in the strife the Court of Appeals will be the final arbitrator."

**THAT'S THE LEDGER.**  
The Rev. T. DeWitt Talmage says—  
"A newspaper whose columns over-  
flow with the advertisements of busi-  
ness men has more influence in at-  
tracting attention to and building up a  
city or town than any other agency  
that can be employed. People go where  
there is business. Capital and labor  
will locate where there is enterprising  
community. No power on earth is so  
strong to build up a town as newpa-  
pers well patronized, and this power  
should be appreciated."
